

CHECKLIST

- Information:**
Get informed and you can benefit from the experiences of others.

- Common foundation:**
Talk about what marriage means for your relationship.

- Support:**
Look for people who can support you in dealing with conflicts, visits to authorities, financial problems and other things.

- Legal advise:**
Get informed about where to find reliable lawyers.

- Finances:**
Clarify where you get the required money from for the marriage and divorce.

- Very important:**
Don't let yourselves be discouraged or scared off!

marry
to stay

MARRIAGE WORKS!

Even if it sounds complicated: Marriage for the purpose of residential security works! If you are well-prepared and get support, then it will work just as well as it has with many others before.

CONTACT

If you want to know more or exchange information about this topic, please write us an email. You can use GnuPG to send us an encrypted email. But please wait with the precise description of your concern and detailed personal information, in any case, until we have a face-to-face meeting.

Our email address: marryme@riseup.net
Further information and our GnuPG key can be found under: marryme.blackblogs.org

MARRIAGE – FOR THE RIGHT TO STAY!

„In the fight against racism it's becoming more and more important to support migrants in their battles against illegalization and for their right to have rights at all, politically and practically. ... Therefore, we call for support for entry and transit of migrants. We call upon the provision of work and papers for migrants. ... Because no one is illegal.”

No one is illegal – Manifesto 1997
